MISSION STATEMENT

PBCMSS Institute for Learning Mission

To provide and coordinate continuing medical education for health professionals.

HISTORY OF THE SCHOOL & ACCREDITATION STATUS

PBCMSS Institute for Learning Community Health Worker Care Coordination Training is a program of PBCMSS, a 501c3 not for profit organization. Through program initiatives, Palm Beach County Medical Society Services provides education to the medical community. The Institute of HealthCare Improvement Triple Aim Model is the inspiration for PBCMSS Institute for Learning Community Health Worker Care Coordination Program. To truly understand the challenges of individuals faced with chronic illness, a pilot project was facilitated in two local clinics for high-risk diabetics from 2015-2017. Patients received monthly education sessions and care coordination assistance. Enrolled patients' satisfaction increased, and A1c (average glucose over a 3-month period) decreased 10%. Experiences revealed that patients were able to improve their disease management through consistent contact with a trained staff member. Following the Triple Aim Diabetes Project, the outline for training domains and format was created.

PBCMSS became certified education provider for the Florida Certification Board (FCB)* as of December 2016 for community health worker training. The Florida Certification Board designs, develops and manages programs for 32 health and human services professions and certifies more than 20,000 professionals statewide, including those in the child welfare, mental health and addiction fields, ensuring that they meet education, training, experience and testing criteria. Through a collaborative partnership CareerSource Palm Beach County assisted with the establishment of training locations and format for community health worker care coordination training. Trainees are recruited through CareerSource PBC participants seeking employment. Trainees who complete the program receive 30 clock hours of training, a requirement for CHW certification in the State of Florida. * Training participants submit training hours to FCB to meet the training requirement for certification. As a member of the Florida Community Health Worker Coalition, our organization actively participates in State-Wide efforts to engage Community Health Workers to provide effective efficient care to vulnerable populations. Our institution encourages trainees to pursue CHW Certification as well as attend trainings provided through the Florida CHW Coalition. The Community Health Worker Care Coordination Program was recognized as 2017 American Association of Medical Society Executives (AAMSE) Profile of Excellence for its innovative approach to patient care education.

*Disclaimer: The Florida Certification Board is not a state or municipal agency.

*Disclaimer: While this course meets the training standards by FCB, the program does not guarantee certification. Student still must complete the FCB application process.

COMMUNITY HEALTH WORKER CARE COORDINATION PROGRAM OUTLINE:

Program Title & Description

The Community Health Worker Care Coordination Program objective is to provide students with the framework, tools and skills which are both necessary and needed to perform duties as care coordinators. The Community Health Worker Care Coordination Training will prepare individuals to provide patient centered support and assistance that improves the health of vulnerable populations often faced with chronic conditions. The role of the trained Care Coordinators will be to enhance the health care experiences of people receiving care. This will result in greater care plan adherence, improved health care experiences and lowering the costs of the care for the underserved and high-risk patients/clients.

Participants learn the scope of services for a Community Health Worker care coordinator; key aspects about chronic medical conditions which afflict their patients/clients; lifestyle activities which improve health; knowledge about cultural competency; advocacy skills for community needs and services; communication skills to affirm patients'/clients' rights; roles and responsibilities as well as communication strategies such as motivational interviewing. Evidence based training and field content will empower CHWs to provide improved patient care.

Students must meet the minimum requirements for graduation within the program period. The classroom portion of the training is 27 hours in length and the lab portion is approximately 3 hours in length. Students must satisfactorily complete 24 classroom hours and 3 lab hours for certificate of program completion. Course material will be taught face to face, live web-based, and on demand platforms.

Students who successfully complete both the classroom and clinical portions of the course, meet their financial obligations to the school, and maintain an average of 70% on post course evaluations will receive the full complement of education hours and content areas that is needed to fulfill the training requirements for Community Health Worker Certification. Community Health Worker Certification is offered through the Florida Certification Board, PBCMSS is a certified education provider for CHW Certification Training (#5284-A). To become a certified CHW through the Florida Certification Board, students are required to take an exam and earn a passing grade.

Potential work locations where graduates may be employed include long-term care facilities, physician offices, hospitals, clinics, and 501C3 non-profits.

COMMUNITY HEALTH WORKER CERTIFICATION

The Certified Community Health Worker (CCHW) designation is a credential for front-line health workers who, by virtue of their trusted status in the community, serve as a liaison, link and intermediary between health services and the community to facilitate access to services and improve the quality and cultural competence of service delivery. Examples of job titles that are considered to be Community Health Worker positions include but are not limited to Promotores(as) de Salud; Community Health Educator; Health Communicator; Outreach Worker; or Health Advocate. Clock hours earned through PBCMSS may be submitted to Florida Certification Board for Community Health Worker Certification training education hours. PBCMSS Institute for Learning CHW Care Coordination Program offers the full complement of education hours and content areas that are needed to fulfill the training requirements (30 clock hours) for the certification application as a community health worker. PBCMSS Institute for Learning is a certified education provider for Florida Certification Board, Florida Certification Board Provider number 5284-A.

To become a Certified Community Health Worker, the student must create a profile through the Florida Certification Board. To become a Certified CHW, the following items are required:

The Full CCHW Certification Requirements are:

- Training: 30 hours of training in specified content areas*
- Formal Education: High School Diploma, General Equivalency Degree or higher.
- Related Experience: 500 hours of related paid or volunteer experience.
500 hours of work and/or volunteer experience providing community health worker services in any of the following domains of practice:
 - Communication and Education: tasks related to community education
 - Resources: tasks related to linking community members with available health/social services
 - Advocacy: tasks related to advocating for the community's health/social service needsWork/volunteer experience must be directly related to the core competencies of the credential and must have occurred within the last 5 years.
- Letters of Recommendation: 3 total: one supervisory recommendation, two personal/character and/or supervisory recommendations.
- Written Exam: Earn a passing score (75%) on the 100 multiple-choice item written exam. Florida Certification Board facilitates exam proctoring. Official test scores are provided to the applicant by the FCB approximately 2 to 4 weeks after the test date. Applicants who do not pass the exam will receive a score report from their Certification Specialist within 2 to 4 weeks indicating strengths and weaknesses by performance domain to help guide study efforts. Applicants may retest as many times as they choose, however, there is a 10-calendar day timeframe between test attempts for all non-IC&RC exams. The full exam fee and, if required, proctor site fee, must be paid for each exam attempt.

***Participation in the CHW Care Coordination training provides 30 hours of training in specified content areas.**

PROGRAM REQUIREMENTS

PROGRAM COMPLETION REQUIREMENTS

Student understands that in order to receive a certificate of completion from PBCMSS Institute for Learning for the CHW Care Coordination Program he/she must successfully complete the required number of scheduled clock hours as specified in the catalog and on the Student Enrollment Agreement and satisfy all financial obligations to PBCMSS Institute for Learning. Students must also demonstrate content comprehension through average post session evaluation score of 70% or more.

EMPLOYMENT ASSISTANCE

Student understands that PBCMSS Institute for Learning has not made and will not make any guarantees of employment or salary upon program completion. PBCMSS Institute for Learning will provide student with placement assistance, which will consist of identifying employment opportunities and advising me on appropriate means of attempting to realize these opportunities.

ATTENDANCE

It is necessary for health care workers to be reliable and dependable employees. The patient's welfare is dependent on the worker being in the right place at the right time. We believe that is essential within the curriculum to teach employability skills as an integral part of the education program.

Excused Absence (These count toward the 10% of the total program hours a student misses before they are terminated.)

1. Illness of the student (medical evidence may be requested)
2. Death in the family
3. Emergency in the family
4. Religious holiday
5. Subpoena by any law enforcement agency
6. Justifiable reasons approved in advance

All other absences are unexcused.

Tardy

Students are expected to be in class, at their desks, and prepared to work at the beginning of the session and following breaks. Students who are not on time will be marked tardy by the instructor who will track tardiness and report 3 tardys as an absence. If you arrive more than 5 minutes after class time begins, this is considered tardy.

It is the policy of this school that any student missing scheduled class days must arrange to continue classes either through a make-up session with the instructor or during the next scheduled course session. Students may be charged \$33.30 per hour for makeup course work at the discretion of the School Director. No more than 20% of the total clock hours for a program may be made up.

GROUNDS FOR TERMINATION

Student agrees to comply with the rules and policies and understand that PBCMSS Institute for Learning shall have the right to terminate this contract and enrollment at any time for violation of rules and policies as outlined in the catalog. Student understands that PBCMSS Institute for Learning reserves the right to modify the rules and regulations, and that will be advised of any and all modifications.

Readmission after termination for unsatisfactory attendance:

It is the policy of this school that a student may be granted readmission privileges after termination for unsatisfactory attendance if the following criterion is/are met:

1. The student has rectified the issue causing the attendance problem to begin with. (i.e. not having transportation, illness, etc.)
2. The student commits to arriving on time to classes.

3. The student may not reenter before the start of the next grading period if terminated for violation of the attendance policy.

LEAVE OF ABSENCE

Students may be considered for a leave of absence under the following circumstances:

1. Medical or Extended Illness – students will be considered for a leave of absence due to extended illness.
2. Family – a leave of absence for pregnancy, paternity, adoption leave, or parental care will be granted consistent with the family leave act.
3. Military – a leave of absence will be approved for employees/students to perform military service or receive military training.

Leaves of absence for other reasons may be approved on an individual basis. The decision to grant leave will be left solely to the School Director. The length for a leave of absence is per FMLA law and for other types of absences due to illness, may be up to 30 days in length.

MAKE-UP WORK POLICY

It is a requirement of the school that students with excused absences must follow the make-up work policy to continue to meet the requirements of program completion. Students are responsible for contacting school director to set up a schedule to complete make up work.

CONDUCT

It is the policy of this school to require students to use professional, courteous behavior in the classroom and in the field.

1. Students are expected to have the necessary materials and be punctual at all times.
2. When participating in class, only ONE student should talk at a time.
3. The school encourages friendliness, but NEVER familiarity with staff.
4. In the lab, there will be no playing with equipment or lying or sitting on the beds except in mock clinical practicum.
5. Students not adhering to the conduct policy will be given written warning and terminated from the school if conduct issues are not resolved.
6. Students that harass, threaten, or use inappropriate language with fellow students, staff, or patients shall be terminated from the school immediately.

DRESS CODE

Wearing apparel shall be such that it does not disrupt the classroom atmosphere. Short shorts, halters, or other wearing apparel with suggestive messages are not appropriate.

GRADUATION REQUIREMENTS FOR THE CHW CARE COORDINATION PROGRAM

COMPLETION STANDARDS

The student must have satisfactorily completed a 30 Clock Hours of training.

1. 27 clock hours of classroom training that doesn't involve direct patient care; and
2. 3 clock hours of simulation lab training.

CERTIFICATE OF COMPLETION

Student understands that in order to receive a certificate of completion from PBCMSS he/she must successfully complete the required number of scheduled clock hours as specified in the catalog and on the Student Enrollment Agreement and satisfy all financial obligations to PBCMSS. Students must also demonstrate content comprehension through average post course evaluation score of 70% or more. If a student does not maintain a total average of 70% following all post course evaluations, the student will be given an opportunity to review material and retake post course evaluations. Certificate of completion will not be given unless 70% average score is obtained. If student is not present for course sessions, one excused absence is able to be made up through scheduling a make-up session with the course facilitator. If the student is not able to meet with the facilitator, they have the option to take the course the following session. Certificate of completion is not given until all requirements are met.

APPEALS PROCESS

Should any student feel that his or her rights have been violated in the administration of policy, procedure, or academics, the student has the right of appeal.

1. In matters of complaint against an employee. The first step is an informal appeal to the employee's supervisor.
2. In matters of complaint against an institutional policy or practice. The first step is an informal appeal to the administrator responsible.
3. The student has seven days to appeal if he/she feels his/her rights have been violated in the administration of a policy, procedure or academics.

If the appeal or complaint is not resolved, a formal appeal/complaint process must be followed:

1. A written statement of the complaint must be submitted to the school administrator.
2. The school administrator is responsible for investigating and resolving the complaint in a reasonable amount of time, and the decision is final. A written decision statement is issued to the parties involved.
3. If the complaint is against the school administrator, the administrator shall assign an appropriate person to review the complaint.

GRIEVANCE POLICY

Students aggrieved by action(s) of the school should attempt to resolve the problem on the level that it occurred. If possible, the first level would be to meet with the instructor or staff members involved. In the event that the parties involved are not able to resolve the issue the student shall submit a letter of complaint to the school Director within 7 (excluding Saturday, Sunday, state, and federal holidays) days of the aggrieved event. If the issue can not be resolved directly through the school, students have the right to contact the Commission for Independent Education.

To file a complaint with the Commission for Independent Education, please write a letter or send an e-mail containing the following information:

1. Name of Student (or Complainant)
2. Complainant Address
3. Phone Number
4. Name of Institution
5. Location of the Institution (City)
6. Dates of Attendance
7. A full description of the problem and any other documentation that will support your claim such as enrollment agreements, correspondence, etc.
8. The complaint process of the Commission involves contacting the institution to obtain their response to your complaint. If you do not want the Commission to contact the institution you are attending, you must state so in your complaint; however, doing so will greatly hinder the Commission's ability to assist you with your complaint.

FINANCIAL ASSISTANCE

Grant funding is offered when applicant meets application requirements. Requirements vary based on funding resources available. CareerSource Palm Beach County may have funding available, contact CareerSource PBC@ (561) 340-1060 to see if you qualify. Contact the School Director to review other grant assistance available. Grant assistance could be available to those who qualify.

STUDENT INPUT TO ACADEMIC POLICIES, PROCEDURES, AND CURRICULUM PLANNING:

The school encourages all students to provide feedback via evaluations, comments, and the like to the faculty and School Director. All students are encouraged to share their input to the academic policies, procedures, and curriculum and the planning of the curriculum. Our students are our best evaluators, and their input is not only welcome but extremely valuable to us.
